

Compliance & IT Rules 2021 (Outdated Compliance Rules)

Document ID	DOC-19
Vietnamese title	Quy định tuân thủ cũ (đã bị thay thế)
Category	Compliance
Department	Company-wide
Version	1.0
Status	Expired
Effective date	2021-01-01
Expiry date	2023-12-31
Owner	Compliance (former role, merged into HR and IT Security)
Superseded by	DOC-05 Data Privacy Policy and DOC-06 Information Security Policy (effective 2026-01-01)

Expired on 2023-12-31. These rules were replaced by the Data Privacy Policy (DOC-05) and the Information Security Policy (DOC-06). The document is kept only to test that the system recognises outdated sources and does not teach them to employees.

1. Purpose

This handbook collects the compliance and IT rules that applied to all staff of the Company from 1 January 2021. At that time the Company had a single office in Ho Chi Minh City and about 120 employees, and customer data was managed in spreadsheets and a shared file server.

2. Legal Basis

The rules in this handbook were written to comply with Decree 52/2013 on e-commerce and the general confidentiality clauses of employment contracts. The Company had not yet adopted a dedicated personal-data protection policy.

3. Passwords & Accounts

3.1 Password Rules

Passwords must be at least 8 characters long and must be changed every 60 days. Passwords may be reused after 3 changes.

3.2 Two-Step Verification [OPTIONAL]

Two-step verification is recommended for email but is not required for any system.

3.3 Shared Accounts

Teams may share one login for the customer spreadsheet and the file server, provided the password is kept in the team's notebook in a locked drawer.

4. Devices & Remote Work

4.1 Personal Devices

Employees may use personal laptops and phones to open customer files when working from home, provided antivirus software is installed.

4.2 Remote Access

Remote access to the file server is available through a shared remote-desktop account. A VPN is not required.

4.3 USB Drives

Customer files may be copied to USB drives for meetings outside the office. The drive must be returned to the office within one week.

5. Customer Data Handling

5.1 Collection

Customer contact details may be collected at events and through the website without recording consent, as long as the data is used only by the Company.

5.2 Access

All staff in Sales, Customer Support and Finance may view the full customer spreadsheet, including payment information.

5.3 Sharing With Partners

Customer lists may be shared with partner schools and advertising agencies by email when a manager agrees verbally.

6. Retention

6.1 Employee Records

Employee records are kept for 10 years after the end of employment.

6.2 Customer Records

Customer records are kept indefinitely, because they may be useful for future sales.

7. Incidents

7.1 Reporting Deadline

Suspected security incidents, such as a lost laptop or a virus infection, must be reported to the IT administrator within 72 hours.

7.2 Customer Notification

Customers are informed of an incident only if the incident becomes public or the customer asks.

8. Expense Compliance

Expense claims must be submitted within 60 days with a photo of the receipt. Claims above 10,000,000 VND need the director's signature.

9. Approval Matrix (2021)

- Customer refunds up to 2,000,000 VND: approved by any Customer Support staff member.
- Customer refunds above 2,000,000 VND: approved by the director.
- Sales discounts: agreed by the Sales staff member with the customer, up to 20 percent, without further approval.
- Purchases for the office: approved by the office administrator up to 10,000,000 VND.
- Access to the customer spreadsheet for a new employee: granted by the team leader on the first day, without a request form.

10. Working Hours (2021)

Office hours were 08:00–17:00, Monday to Friday, and Saturday mornings from 08:00 to 12:00 twice a month. Probation lasted 30 days for all roles, and no structured onboarding programme existed.

11. Training

New employees read this handbook during their first month and sign a paper acknowledgement form kept by the office administrator. There is no online training or assessment.

12. Why These Rules Were Replaced

In 2025 the Company opened the Đà Nẵng office, moved customer data to managed systems and adopted Decree 13/2023 on personal data protection. The rules in Sections 3 to 10 no longer meet the Company's legal obligations or security standards and were replaced on 2026-01-01.

13. Where to Find the Current Rules

- Passwords, multi-factor authentication, devices and remote access: DOC-06 §2, §6
- Incident reporting within 1 hour: DOC-06 §5
- Consent, least-privilege access and third-party sharing: DOC-05 §3, §4, §6
- Retention of employee and customer records: DOC-05 §5
- Expense claims within 15 calendar days: DOC-09 §3
- Onboarding training with online assessment: DOC-11 §6
